

# MARIA ANA GUEVARRA DANGAN

Hagonoy, Bulacan, Philippines | +63 977 8162229 | guevarramariaanap@gmail.com

## PROFESSIONAL SUMMARY

IT professional with experience in project management support, systems engineering, process automation, and business process improvement. Skilled in analyzing requirements, developing technical documentation, implementing automation solutions, and supporting project delivery. Proven ability to collaborate with cross-functional teams, streamline processes, and drive operational efficiency through technology-enabled solutions.

## CORE COMPETENCIES

- Solution Design & Research
- Business Process Analysis
- Requirements Gathering
- Process Automation
- Technical Documentation
- Project Coordination
- Stakeholder Management
- Workflow Optimization
- Data Analysis & Reporting
- Vendor & Client Coordination

## TECHNICAL SKILLS

- Power Automate
- VBA
- Python
- C/C++

## PROFESSIONAL EXPERIENCE

**PMO ANALYST** | Sept 2025 – Present  
Vertere Global Solutions, Inc. (Deployed in Metrobank)

- Validate billing invoices to ensure accuracy and compliance with internal and client requirements.
- Support vendor reaccreditation activities and coordinate with stakeholders to maintain compliance.
- Monitor and report vendor performance metrics to support operational objectives.
- Develop automated trackers and reporting tools to improve efficiency and reduce manual effort.
- Collaborate with stakeholders to identify process improvement opportunities and streamline workflows.

**PMO ASSOCIATE / APPLICATION SYSTEMS ENGINEER/CONSULTANT** | June 2022 – April 2025  
Weserv Systems International, Inc. (Fujitsu Philippines, Inc.)

- Developed standard procedures and documentation to improve service delivery consistency and compliance.
- Analyzed project KPIs and supported continuous improvement initiatives across the service line.
- Conducted audits and process reviews to ensure adherence to organizational standards.
- Automated manual processes and reporting activities, improving efficiency and reducing human error.
- Collaborated with project managers and stakeholders to identify process gaps and implement improvements.

**COLLEGE INSTRUCTOR** | July 2015 – June 2022  
College of Engineering, Bulacan State University

- Delivered professional programming courses to undergraduate computer engineering students.
- Produced critical documentation that supported the university's academic accreditation processes.
- Contributed to academic and community advancement through research activities and extension programs.

**ASSOCIATE SOFTWARE ENGINEER** | July 2014 – July 2015  
Accenture, Inc.

- Optimized system performance by monitoring and tracking errors on client dashboards.
- Identified and debugged functional issues to enhance dashboard user experience.

## EDUCATION

- Master of Science in Computer Engineering (27/30 units), Mapúa University
- Bachelor of Science in Computer Engineering, Bulacan State University

## CERTIFICATIONS

- Microsoft Innovative Educator Master Trainer (2021)
